

Coding & Solution

Date	30 September 2026
Team ID	SWTID-2026-5283
Project Name	Implement Client Script & UI Policy (Incident)
Maximum Marks	4 Marks

Coding & Solution

This section evaluates the quality and completeness of your implemented code and the overall solution. Your submission should demonstrate working functionality, clean code practices, and alignment with your defined requirements.

Instructions:

1. Ensure your code is well-structured, commented, and follows best practices for your chosen technology stack.
2. The solution should address the core problem statement and implement the key functional requirements.
3. Include all source files, configuration files, and setup instructions needed to run the application.
4. Attach or link to your code repository (e.g., GitHub) in the table below.

Solution Summary

Field	Details
Repository Link / URL	[Paste your GitHub / GitLab or hosted link here]
Programming Language(s)	[e.g., Python, JavaScript, Java]
Framework(s) Used	[e.g., Flask, React, Spring Boot]

Key Features Implemented	Client Script for dynamic Incident form behavior; UI Policy for controlling field visibility, mandatory state, and read-only state; Incident form validation; automatic field behavior based on conditions.
Pending / Incomplete Features	No major pending features. The implemented Client Script and UI Policy functionalities have been configured and tested.
Setup / Run Instructions	Open the ServiceNow Incident module → Open/Create an Incident → Configure the required Client Script and UI Policy → Enter or modify Incident field values → Verify the configured field behavior → Submit the Incident form.

Code Quality Checklist

S.No	Criteria	Status (Yes / No)
1	Code is modular and organized into functions / classes	Yes
2	Meaningful variable and function names are used	Yes
3	Code includes comments / documentation where necessary	Yes
4	Error handling is implemented for critical operations	Yes
5	The application runs without critical errors	Yes
6	Code is committed to a version control repository	Yes

Additional Notes / Comments:
