

Team Involvement in Demonstration

Date	30 September 2026
Team ID	SWTID-2026-5283
Project Name	Implement Client Script & UI Policy (Incident)
Maximum Marks	1 Mark

Team Involvement in Demonstration:

This document records the active participation and roles of each team member during the project demonstration. It ensures that every member contributes meaningfully to the presentation and that responsibilities are distributed fairly and clearly.

S.No	Team Member Name	Role in Demo	Section Presented	Contribution Summary	Participation (Active / Passive)
1	Team Member 1	Team Leader & Presenter	Introduction and project overview	Introduced the Incident form problem, project objectives and demo agenda; coordinated the overall flow.	Active
2	Team Member 2	Client Script Demo	onChange and onSubmit client scripts on the Incident form	Demonstrated client scripts that validate and auto-populate Incident fields when values change.	Active
3	Team Member 3	UI Policy Demo	UI Policy: mandatory, visible and read-only fields	Showed UI Policies making fields mandatory, hidden or read-only based on Incident conditions.	Active
4	Team Member 4	Live Testing	Creating and updating an Incident in the instance	Created test Incidents live and showed the client script and UI policy behaviour on the form.	Active
5	Team Member 5	Documentation & Architecture	Solution architecture and requirements walkthrough	Explained the solution architecture, functional and non-functional requirements and the coding approach.	Active
6	Team Member 6	Q&A and Conclusion	Results, future scope and closing	Summarised results and future enhancements, and handled questions from the reviewers.	Active

Team Coordination Notes:

Aspect	Details
Team Leader / Coordinator	Team Member 1
Overall Team Coordination Rating (1-5)	5
Any issues during demo	Minor delay while the instance loaded the Incident form during the live demo.
How issues were resolved	The presenter continued with the explanation while the form loaded, then resumed the live test once it was ready.
